

# **WEBELOS LEADER OUTDOOR TRAINING**

**(“Owl” training)**

All Webelos leaders are invited to attend this training. This is the outdoor portion of the Webelos leader training.

It is intended to introduce the Webelos leader to the information that you need to take your Webelos camping. The course is taught in conjunction with the Boy Scout Introduction to Outdoor Leader Skills course and there is a lot of interaction with those leaders.

It's a really good idea to take this course prior to taking your Webelos camping. It's a completely different course from BALOO. This course completes the “outdoor training” requirement for your WDL knot.
